### What the experts think

- "It's one of 2009's most desirable drop-tops. With a retro fold-back canvas roof, the 500C is even more stylish than the hatch version of the little Fiat. Demand will be strong, so order now!" - **Auto Express**
- "Ahh. You might not think that the Fiat 500 could possibly be cuter, but here comes a version with a roll back roof." - **Telegraph Online**
- "The new Fiat 500C was the undisputed diva of the Fiat stand when it was unveiled at the Geneva Motor Show. Its combination of classic Fiat 'cinquecento' styling and a full width fabric roof proved irresistible." - **Which? Magazine**
- "It feels very well made, its powertrain is subdued, wind noise is very well suppressed and the level of buffeting with the roof fully folded is just right for cooling you on a hot day." - **Autocar**
